DISC MODEL FEATURES HANDS FREE BRUSH LOADING & UNLOADING

COVERS 27,280 SQ. FT. PER HOUR

PHOENIX 20 | 20" WALK-BEHIND SCRUBBER

PHOENIX 20 | PRODUCT FEATURES

The Phoenix 20 is a compact brush scrubber with a 20" cleaning path and is offered in disc or cylindrical models. The traction drive model 20 covers 20,000 sq. ft. per hour. Traction drive models offer ergonomic, adjustable speed regulation with the turn of a dial. The sleek design provides an excellent line of sight and the compact design results in total operator comfort by focusing on ergonomics. Easy-to-understand controls ensure that the machine is simple to operate. The Phoenix 20 features 13 gallon solution tanks and 12 gallon recovery tanks. The recovery tank is easy-to-clean and hygienic while the Anti-Foam System (AFS) protects the vacuum motor from damage. An on-board charger is convenient and allows the machine to be charged anywhere. As an added safety feature, when the on-board charger is plugged in, the machine is not operable. Brush loading/unloading is as easy as the turn of a switch. The operator never has to manually remove the brushes. Squeegees have also been designed so that no operator adjustment is necessary. A low brush deck design is ideal for cleaning underneath obstacles such as shelves, warehouse racks and other stationary objects.

FEATURES	BENEFITS
Aqua-Stop System	20% savings thru water & solution conservation.
Ergonomically Designed	Reduces operator fatigue, with excellent line of site and comfort zone hand rails. Provides maximum maneuverability & operator safety.
User Friendly Controls	Simple, easy to understand icons & selector switch plus one touch directional lever.
Durable Construction	Powder coated, epoxy painted, 11 gauge steel frame resists corrosion. Durable heavy-duty rotationally molded polyethylene tanks & bumper.
Tool Free	No Tools required for quick squeegee blade change.
Capacity	12 Gallon Solution/13 Gallon Recovery
LED Display	Battery Gauge as well as service indicator lights thus preventing unnecessary down time.
Brush Loading	Hands-Free
Brush Deck	Low Profile to fit under obstacles
Deck Options	20" Disc or Cylindrical

PHOENIX 20 TECHNICAL DATA	
Scrubbing Style	Disc or Cylindrical
Scrub Path	20"
Sweep Capable	Wet Sweep (Cylindrical)
